

ENT.A30UM Series Current Transformers Datasheet

DESCRIPTION

A30UM Series Current Transformers, 52 mm wide, with a primary current range of 100A–600A

APPLICATION

Used with 30x10mm busbars or 23.8mm-diameter cables, it converts primary currents of 5A to secondary currents

ENTES A30UM Series, which is fully compatible with compact circuit breakers rated up to 600 A with its optimized 52 mm width, removes the need for busbar bending and speeds up installation processes.
